About IVVA Tournament

The IVVA Tournament is already world-class and can be attended by former professionals and amateurs, Everyone can play against teams from different parts of the world. After 8 years, IVVA is already one of the largest world veteran volleyball associations, recognized and supported by MEVZA, FIVB and CEV.

Age is no Limit

The motto "Age is no limit" is a powerful message that challenges the way we think about aging. It emphasizes that age doesn't restrict what you can achieve or who you can be even how good you can play volleyball. There are many real-life examples that embody this motto. People of all ages are achieving great things, breaking records, and starting new chapters in their lives. So, next time you think you might be too old for something, remember - Age is no limit!

Přemysl Kubala

Eight years strong, and we're not slowing down! We're constantly innovating to make Veteran Volleyball Tournaments an unforgettable experience for every participant. Our goal is to become a global association, attracting teams from all corners of the world. We're thrilled to announce that all our hard work paid off – in 2021, we achieved official Veteran Volleyball Championships status! Since we welcomed Teams from Panama, Columbia, Argentina, Canada, USA, or Peru. Its not easy to attract overseas Teams to Europe. Now we gearing up for a fresh start in Milan this June! A new city of Milan brings new challenges and a chance to explore a vibrant destination and (hopefully) not only getting lost in the subway.
