## Přemysl Kubala

Previous year was a great success, we had teams from 28 different countries participating in IVVA tournament 2023. Great was the addition of the IVVA Beach Tournament, which had a great success and it was fun, although I'm sorry for the loss in the final. This year we have over 120 in beach and more than 40 in Indoor teams and attracted players from countries outside Europe like Canada, USA, Argentina and Columbia and many more.

## Adam Kubala

After so many wonderful memories from previous events, it's hard to capture the feelings in just a few sentences. But here we are again, a year later, and it's time to look forward to organizing the next edition of IVVA 2024 in Mallorca!

In recent years, amidst challenging global circumstances, we have proven that we can come together and host fantastic tournaments. This year, we aim to make the tournament even more enjoyable and attractive from a sporting perspective.

We are already looking forward to the matches and we believe it will be the biggest championship for masters ever.

The island of Mallorca is the most popular of the five Balearic Islands, other islands include Menorca and the well-known popular island of Ibiza.

## **Alcudia**

The main focal point North of the island, and heavily influenced by many cultures over the centuries. Alcudia is a very popular tourist attraction and was voted recently as one of the prettiest towns in Spain! It offers some excellent examples of Roman architecture and is a beautifully renovated walled town.

The impressive church of 'St Jaime' is part of the fortress wall. It is actually possible to climb up and walk around a good part of the village on the fortress walls. Tapas are a must while visiting Alcudia, there are plenty of bars and restaurants offering the traditional tapas accompanied by a glass of wine or refreshing beer. There are many restaurants and bars to visit offering a wide selection of Mallorquin & Spanish food.

The amazing 7km white sanded beach which starts in the Port of Alcudia and reaches Can Picafort is one of the prettiest and safest on the island.

## **Why play in Alcudia**

Mallorca is well known hosting volleyball tournaments & sporting events, its golden sands come alive with play, the fittest participants in a friendly party atmosphere.

You don't have to be part of an organised tournament to enjoy the fun and fast energy of beach volleyball. A great mood-booster, volleyball not only tones, builds muscular strength and improves co-ordination, it has amazing fat-burning benefits; an hour-long game on the sand can use up to 500 calories.

Alcudia is so popular for hosting sporting events and have a wide selection of high-quality hotels, modern sporting installations and a fantastic climate throughout the year.

**Fina Linares**

Mayor Alcúdia,  
Mallorca

Alcúdia, once again, welcomes all the participants in the international veteran volleyball tournament, which will be held in our city. Welcome families and accompanying athletes, who will be in our city these days.

Alcúdia has its doors open for you to enjoy the beach, the city, the culture, the landscape, the heritage and our gastronomy. As a tourist municipality, Alcúdia has an important hotel infrastructure, its complementary offer and from the town hall of Alcúdia, we make the sports facilities available and at the service of the tournament, both in the pavilion and on the beach, with the task of the sports area.

I want to thank them for their work and the involvement of Club Voleibol d'Alcúdia in making this touristic-sports event possible with around seven hundred participants from more than 20 countries both in Europe and America. As a butler I invite you to enjoy everything our city has to offer: stroll through the historic center, visit our heritage, our beaches, and our mountains, enjoy our gastronomic wealth, and above all enjoy sports.

Thank you, Alcúdia is waiting for you.

**Mª Dolores Besné Tejada**

President  
Federación de Voleibol de las Islas Baleares.

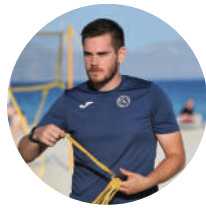

To athletes, families, coaching staff, volleyball lovers and organization, Once again, volleyball crosses our paths in one of the most successful events that hosts this sport in Mallorca. Throughout my professional and sporting career, I have been able to prove that age should not be and, in fact, is not a limit to do - or continue doing - what we are passionate about and events like this allow us to demonstrate that team spirit, competitiveness and enthusiasm, among other values, endure in us over the years. And how! And, on the other hand, from the Volleyball Club and the City Council of Alcudia, with which on many occasions and events has also had the Balearic Islands Volleyball Federation, and that is always willing to lend a hand, to collaborate and to be participants in events such as the IVVA Veteran Tournament. Finally, I also wanted to thank the participants, the soul of the tournament. Your enthusiasm is contagious and encourages me to continue believing that sport knows no age. I welcome you again, I hope you have a wonderful stay and tournament!

**Veronica Caro**

Sport Councillor
